Deep Learning Specialization

Thien Truong

Machine Learning Engineer at Amazon
Las Vegas, Nevada

Summary

I enjoy learning and applying machine learning in a way that solves challenging real-world problems.

Currently tackling interesting problems at Amazon AI.

Experience

Amazon

Machine Learning Engineer

February 2020 - Present (2 months)

Google

Software Engineering Intern

September 2018 - December 2018 (4 months)

Mountain View, California

University of Nevada-Las Vegas

Research Assistant

January 2018 - May 2018 (5 months)

Las Vegas, Nevada Area

Research deep learning architectures for enhancing current image processing algorithms for object recognition with Dr. Yfantis.

TeleSecurity Sciences, Inc.

Software Engineering Intern

October 2017 - May 2018 (8 months)

Las Vegas, Nevada Area

Helped in the development of an automatic threat recognition (ATR) algorithm for airport checkpoint scanners using Python and C/C++.

Education

University of Nevada-Las Vegas

Bachelor of Science - BS, Computer Science · (2015 - 2019)
