Experience

TSG GTBIT

machine learning Co-head

August 2019 - Present (8 months)

India Meteorological Department

Internship

June 2019 - August 2019 (3 months)

New Delhi Area, India

I've created PHP , HTML based authentication page with admin portal access
and updated satellite web page of indian government. I've put encryption
for password and provided mail service for forgot password. I used mysql
database and PDO.

Aedifico Tech Pvt. Ltd.

Internship

June 2018 - July 2018 (2 months)

New Delhi Area, India

It was amazing opportunity for me as i get training there and also did projects
based on Arduino micro controller and iot.
i learned about so many sensor and practical use of them and how to operate
it with real time data.
i worked on so many minor projects and developed RFID system and weather
station using Arduino and iot.

Education

Guru Teg Bahadur Institute of Technology

Bachelor of Technology, Electrical, Electronics and Communications Engineering · (2017 - 2020)
